

Don Rucker, MD
Vice President and Chief Medical Officer
Siemens Medical Solutions, USA

Dr. Rucker came to Siemens Medical Solutions, USA from Beth Israel Deaconess Medical Center in Boston where he was the first full-time Emergency Department attending physician and from Datamedic Corporation where he co-developed the first Microsoft Windows based electronic medical record.

At Siemens, Dr. Rucker led the team that designed the computerized physician order entry workflow that, as installed at Cincinnati Children's Hospital, won the 2003 HIMSS Nicholas Davies Award for the best hospital computer system in the US.

Dr. Rucker serves on the Board of Commissioners of the Certification Commission for Healthcare Information Technology and on the Medicare Coverage Advisory Committee.

Dr. Rucker also practices emergency medicine in the University of Pennsylvania Health System.

Dr. Rucker is a graduate of Harvard College and the University of Pennsylvania School of Medicine with Board Certifications in Internal Medicine and Emergency Medicine. He holds a Masters in Medical Computer Science and an MBA, both from Stanford.
